Air Handlers

Energy Efficiency

- 13 SEER

SEER stands for Seasonal Energy Efficiency Ratio and is a measure of cooling efficiency and performance. The higher the SEER rating for the unit, the more efficiently the unit operates and the greater your energy savings.

Environmentally Responsible

- Uses non-ozone-depleting R-410A refrigerant

Reliable Performance

- Direct-drive motor runs smoothly and efficiently
- Corrosion-resistant cabinet made with strong, heavy-gauge pre-painted steel is built to last
- Tested for proper operation at the factory to ensure faultless performance

Home Comfort

- Direct-drive blower motor provides consistent flow of air for improved comfort
- Supplemental heat kits available in a range of sizes

Warranty

- 5-year limited warranty on components. See warranty certificate for details on a 10-year extended parts warranty.

Control your energy bills year-round

RBC air handlers are designed to deliver an energy rating of 13 SEER when matched with the appropriate air conditioner or heat pump. The direct-drive motor runs smoothly and efficiently, delivering comfortable, consistent airflow and helping reduce utility costs season to season, year after year.

Built for lasting reliability

Rugged construction and durable materials—like pre-painted steel cabinets—provide years of trouble-free service. Every component in the RBC air handlers line is built to last. And with a wide range of capacities and installation configurations available, there's an Aire-Flo air handler perfectly suited for your home.

Overall Dimensions

Model Number	Height (inches)	Depth (inches)	Width (inches)
RBC18, 24	46-3/4	18-1/2	22
RBC30, 36	51	21-1/4	22
RBC42, 48	54	21-1/4	26
RBC60	60	21-1/4	26

Due to our policy of continuous improvement, specifications are subject to change without notice.

For more than 50 years, Aire-Flo has delivered economy and reliability to the tens of thousands of families all across the country that have trusted us to help make their homes more comfortable. Make Aire-Flo your choice for high-quality, energy-efficient home heating and cooling.
