

# CG95

Gas Furnaces — High-Efficiency

Energy efficiency and exceptional performance are backed by more than a half-century of proven reliability.

**Efficiency:**

Up to 95.0% AFUE

**Warranty:**

20-year limited—heat exchanger

5-year limited—parts

**Capacity:**

1-1/2- to 5-ton

40,000–100,000 Btuh

# CG95 Gas Furnaces

- Up to 95.0% AFUE
- ENERGY STAR® qualified
- Heating size range  
40,000–100,000 Btuh
- 1-1/2- to 5-ton cooling capacity
- Aluminized steel heat exchanger with  
20-year limited warranty; 5-year  
limited warranty on components (see  
warranty certificate for details)
- Multi-speed blower motor
- Heavy-gauge, pre-painted cabinet  
provides corrosion protection
- Time Delay/Off for A/C SEER  
enhancement
- Electronic air cleaner and humidifier  
connections
- Upflow/horizontal models available
- Troubleshooting is fast and accurate  
with self-diagnostics
- Integrated furnace control with  
diagnostics and 115V HSI system
- Run-tested at the factory to  
ensure reliable performance
- Fused low-voltage circuit protection
- Convertible to LP gas applications
- Twinning compatible
- Certified to ANSI and CSA standards

## Saves energy for real value

When the unforgiving winter season bears down, your family deserves a furnace that provides reliable, absolute warmth and comfort—without sending your utility bills through the roof. That's why we engineered the ENERGY STAR® qualified CG95 gas furnace with robust components that ensure the ultimate efficiency. Even during the months of heavy use, the Aire-Flo® CG95 delivers consistent, soothing warmth without consuming significant energy.

## Built to last

Durable aluminized steel heat exchanger resists corrosion with crimped seams for a leak-free seal that's more reliable than conventional welding. The hot surface ignition system provides reliable, efficient heat when you need it, with no more pilot lights to re-ignite.

## Overall Dimensions

Model Number	Depth (inches)	Width (inches)	Height (inches)
CG95TB040D12B	28-1/2	17-1/2	44
CG95TB060D12B	28-1/2	17-1/2	44
CG95TB080D16C	28-1/2	21	44
CG95TB100D20C	28-1/2	21	44

For upflow/horizontal (T) applications.

Due to our policy of continuous improvement, specifications are subject to change without notice.
