HEATING

CG95 High-Efficiency Gas Furnace

Energy Efficiency

- Up to 95% AFUE
Annual Fuel Utilization Efficiency (AFUE) represents how efficiently a furnace converts fuel to energy. The higher the AFUE percentage, the more energy-efficient the furnace.
- ENERGY STAR® qualified
- Tax credit eligible*

Capacity

- 40,000 – 100,000 Btuh heating size range

Home Comfort

- Multi-speed blower motor takes your comfort to the next level

Reliable Performance

- Corrosion-resistant cabinet made with strong, heavy-gauge pre-painted steel is built to last
- Tested for proper operation at the factory to ensure faultless performance

Indoor Air Quality

- Designed with built-in electronic air cleaner and humidifier connections for easy integration of accessories to improve your home's indoor air quality

Warranty

- 20-year limited warranty on aluminized steel heat exchanger; 5-year limited warranty on parts. See warranty certificate for details on a 10-year extended parts warranty.

*The CG95 may be eligible for government tax credits, as well as rebate programs from local utilities. Please consult your tax advisor for more detailed information.

Affordable comfort with the power to lower your utility bills

The CG95 is the most efficient gas furnace in the Aire-Flo® lineup, with an energy rating of up to 95% AFUE. That means you receive 95 cents worth of heat from every energy dollar spent! Compared to a standard-efficiency furnace, the CG95 can save you hundreds of dollars each year in utility costs.

Long-lasting performance you can count on

When temperatures drop outside, you want a furnace that you know will provide consistent, reliable warmth. The CG95 delivers, with robust components that are built to last. The aluminized-steel heat exchanger—the part of the furnace that moves heat produced by the furnace into your home—allows maximum heat output with minimum resistance to airflow with a unique weld-free crimp design. The dependable hot-surface ignition, supported by self-diagnostic controls, provides dependable, efficient heat when you need it most.

Overall Dimensions

Model Number	Depth (inches)	Width (inches)	Height (inches)
CG95TB040D12B	28-1/2	17-1/2	44
CG95TB060D12B	28-1/2	17-1/2	44
CG95TB080D16C	28-1/2	21	44
CG95TB100D20D	28-1/2	21	44

For upflow/horizontal (T) applications.

Due to our policy of continuous improvement, specifications are subject to change without notice.

For more than 50 years, Aire-Flo has delivered economy and reliability to the tens of thousands of families all across the country that have trusted us to help make their homes more comfortable. Make Aire-Flo your choice for high-quality, energy-efficient home heating and cooling.
