Energy Efficiency

- 14 SEER

SEER stands for Seasonal Energy Efficiency Ratio, and is a measure of cooling efficiency and performance. The higher the efficiency rating, the more efficiently the unit operates and the greater your energy savings.

Environmentally Responsible

- Uses non-ozone-depleting R-410A refrigerant

Reliable Performance

- Compressor motor designed for quiet, reliable and efficient operation
- Corrosion-resistant cabinet made with strong heavy-gauge, pre-painted steel is built to last
- Tested for leaks and proper operation at the factory to ensure faultless performance
- Precision-balanced, direct-drive fan sends hot air and noise up and away from your home
- All-aluminum tube-and-fin condenser coil is designed for maximum heat transfer and helps resist corrosion

Warranty

- 5-year limited warranty on covered components.* See actual warranty certificate for details.

*Covered components may be eligible to receive a 10-year limited warranty. Online equipment registration at AireFloWarranty.com is required within 60 days of installation (except in California and Quebec) or the Aire-Flo base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

Get more cooling for your energy dollar

The 4AC14L air conditioner has an energy rating of 14 SEER, which means it can significantly lower your utility bills, compared to an older model. It works efficiently to deliver reliable cooling comfort—day in and day out, year after year.

Enjoy long-lasting reliability and peace of mind

Every component of the 4AC14L is built to handle the toughest outdoor conditions. The durable, corrosion-resistant cabinet is made from a high-quality, pre-painted steel. A ruggedly designed motor and fan system provide added protection and peace of mind.
